**Business Profile:**

BOT Construction Ltd. is an indigenous engineering firm in Nigeria. The company was incorporated with the Nigerian Cooperate Affairs Commission (CAC) on the 18<sup>th</sup> of October 2012 under the company and allied matter Act 1990. BOT Construction was duly registered as a Limited Liability Company with registration number: RC1072666. The main objective of the company is carrying out civil engineering, surveying and general construction works.

In our quest to make a difference in the construction industry, we are committed to efficient and excellent engineering service delivery, hence, our special interest in Building, Construction, Rehabilitation works, Water works, Culvert construction and allied construction works.

In our determination to stay relevant in the construction industry, we strive for modernity by dealing with contemporary facts in the field of construction. We are not reserved in keying into modern technology; equipment, machineries and materials with a view of delivering services that are top notch. Our designs and style of construction stand the taste of time since we step up to imbibe designs and technologies that are in vogue.

***BOT CONSTRUCTION LTD.***

The proof of our competence lies in the quality and timely delivery to our customers' whose satisfaction has become our primary motivation. Our service delivery and end results distinguish us and offer us a place of pride in the construction industry. Our company's performance and end results are made distinguishable, thanks to the effort of our management which comprises the qualified senior staff and highly skilled team of Nigerian workers in offices related to civil engineering and building and allied office assistants.

We nurse no doubts that given our administrative and technical paraphernalia, we will continue to wade against all turbulent tides and flourish in the construction industry.
